

Technical

Welcome to the new space for Transferology technical documentation.

TRANSFEROLOGY TECHNICAL DOCUMENTATION

While the functional documentation was moved to [our website](#) on 09.15.2017, technical documentation for Transferology (e.g., Connector, external interfaces) is maintained

Technical documentation generally applies to staff working with the Transferology Connector and external interfaces:

Document Link	Description
Transferology Connector	Guide detailing the installation, configuration, activation, and troubleshooting of the Transferology Connector
Connector Downloads	Download files and view installation and configuration instructions for the Transferology Connector
External Interfaces	External interface documentation for Transferology
