Connector Milestones

5.0 Features

- Compatible with uachieve API 4.4.0, including the Long data type for the job_queue_xxx int_seq_no columns.
- Provides native uAchieve degree audit report types to Transferology (TXT, HTM and PDF).
- Provides web services to facilitate the next day equivalency refresh into Transferology.
- For uachieve degree audits, provides server name and directory location of the uachieve server which produced the degree audit.

4.4.x and 4.3.x Features

Features of the 4.4.x and 4.3.x Transferology Connector includes the following:

- uAchieve and DARwin compatibility
- Supports DARwin/uAchieve **Default** or **Reference Only** Tables
- Simplified configuration
- School is **NOT** required to provide both Degree Audit and Course Equivalency functionality, *can configure only Degree Audits or Course Equivalencies*
